PINOT NOIR

RUSSIAN RIVER VALLEY

2019

## 2019 Vintage Notes

After the record harvest the previous year, most Russian River Valley vineyards delivered a healthy crop with world class quality fruit. Floods in the early winter did not affect the vines except to replenish groundwater in the basin. Bud break began in March, and despite light frost pressure through springtime, bloom occurred into June. Great weather led up to fruit set later that month, with veraison perfectly timed in late July.

## 2019 Pinot Noir Russian River Valley

This pinot's light, garnet hue has a delicate, almost ethereal color. It is a classic Russian River Valley pinot noir, swirling with aromas of cherry, mushroom, earth, cola, mint, and eucalyptus. Subtlety is key here, with raspberry, strawberry, and pomegranate gently flowing across the palette. The wine's youth is reflected in the caramel notes of the oak, but the soft and lingering tannins through the finish tell you this wine is ready to be your favorite pinot.

### Production

155 cases produced

### Varietal

100% Pinot Noir
